

Tractor Safety - Student Project Option

10 Potential Risks on My Farm

**You will identify 10 potential risks on your farm and tell us what makes them a risk. After you have identified them, please shoot a quick video showing the potential risk. You will share your video with the class and turn in the written portion (put it into your google folder).

If you need help uploading your video or sharing it during class, please let an instructor know ahead of time. Emails: lori.wick@wisc.edu or josh.kamps@wisc.edu.
